

With our work at **KURVE Wustrow**, we help to ensure that concern about armed conflicts, ecological destruction and social injustice can be translated into considered, nonviolent action. We deploy peace workers as part of the Civil Peace Service (CPS) and work together with partner organisations in the Balkans, in Palestine/Israel, in Sudan, Ukraine and in South and South East Asia. We also focus on seminars on civil, nonviolent conflict resolution in Germany and abroad, engage against nuclear power and support climate and resource protection.
